

Mod18 Rectangular Trays

18/8 STAINLESS STEEL CONSTRUCTION

The gentle contour of the handles makes these **Rectangular Trays** comfortable to hold and help create clean lines. Our contemporary collection of trays are made of heavy gauge 18/8 stainless steel. Rectangular trays are great for room service and buffets. The Narrow Tray, in particular, is a great choice for hors d'oeuvres. The Medium and Large Trays are great for fruit and cheese presentations.
